## Mid America Ford and Team Shelby Nationals

### 8<sup>th</sup> Annual MRT Late Model Demonstration Event

5/15/10

Greetings Mustang/Ford road racing enthusiast!

We are excited to offer the Eighth annual "MRT Late Model Demonstration Event" at this year's 36<sup>th</sup> Annual Mid America Ford and Team Shelby Nationals! See [www.midamericafordmeet.com](http://www.midamericafordmeet.com) for more information about the events taking place. This event attracts many of the Nation's largest performance enthusiasts and is always a lot of fun for both the participants and spectators. It is an honor for the organizers to invite us to participate in their event and I am writing to *formally invite you* to participate in an unprecedented gathering of Mustang/Ford Enthusiasts with a flare for road racing.

Here is the scoop! We want to have a field of 25 cars in this year Late Model Demonstration Event. The venue is quite simple: We will have a field of 25 late model cars that are fully Event prepped (meaning they are prepared for car to car performance driving safely) and we will run a 15 to 20 lap Event **on Friday** at approximately 12:00 noon.

The rules for engagement are also very simple....First, this event is designed to have a **ton of safe fun** in a field of professional enthusiasts...success will be measured by the smiles on the faces of the drivers and spectators! This event is intended to have only winners, you win by being there! The only loser will be the driver that cannot play by the rules (please read the rules before registering for the event).

#### **More Details:**

- Event is a 15 to 20 lap exhibition....meaning there is no purse, a ton of fun is up for grabs by each of us, mission is to go home with all of your paint and no one else's.
- You must register and pay for track time through the normal registration process by the organizers. You can sign up for and pay for track time on Thurs, Fri and Sat. If you have not registered and paid for at least one day of track time, you will not be eligible to run in the late model event.
- Demonstration Event starts at approximately 12:00 noon on Friday
- We will run - rain or shine!
- **I need a hand full of volunteers to run tech, registration, grid etc. on Sat. We will run the event again on Sat with the venue being the same as previous years. Volunteers**

**that officially work Sat will have free track time for part of the day Sat. Please respond quickly if you are willing to help us run the Sat event.**

- Each participant must complete the attached registration form and send it directly to David Apgar [david@midamericafordmeet.com](mailto:david@midamericafordmeet.com) and me at [Shoag@mrt-direct.com](mailto:Shoag@mrt-direct.com) . This is only way the organizers will know that you are with the late model group.
- Each driver must be an accomplished road course driver - a Sanctioning body license or equivalent must be held. If in doubt, contact Scott Hoag.
- There will be a vehicle safety inspection prior to the Event.
- Fuel will be available at the Event track
- **There will be a mandatory drivers meeting Thursday Morning at 9:00 AM. ONLY Drives attending this meeting will be allowed to grid for this event! (please remind your fellow drivers as you head in for the meeting).**
- This will be a “gentleman’s” exhibition Event, which means there will not rubbing, bumping or car to car contact of any kind, there will be no tantrums, shooting off of the mouth, complaining, protests or any un-sportsmanship behavior of any kind. Fun will be had by all....no matter how painful it may seem.
- Give way to the faster car, point the faster car by and no blocking. There will be cars in the field that are faster than you (the driver may not be!) play it safe and make it fun for everyone.
- Watch the corners!!!.....if you cannot make a “guaranteed” clean pass in the corner...don’t try! Pinching corners causing car to car contact will result in disqualification.
- Transponders will be available for rent if you would like your car recorded in the event.

**Safety Equipment for you and your car:**

- Snell 95 or newer helmet, driver’s suit and 5-point harness are required
- Appropriate clothing for the event must be worn

**The Schedule at a glance:**

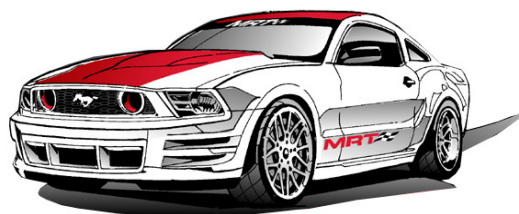

- Tech inspections will be held in the Paddock, Open at 8:00 am Thursday and all cars must be teched no later than 8:00 am Friday. Tech will not occur in the Barn this year, tech your car along with all other participants.
- **Friday 9:00 am Mandatory drivers meeting in the paddock. Attendance will be taken...only those who are present will be allowed to participate in the Event.**
- Thursday practice time on track
- Friday am practice time on track
- Friday approximately **12:00 Main Event**

**What you need to do:**

- RSVP to [shoag@mrt-direct.com](mailto:shoag@mrt-direct.com)
- Forward the completed registration form to [shoag@mrt-direct.com](mailto:shoag@mrt-direct.com) and [david@midamericafordmeet.com](mailto:david@midamericafordmeet.com)
- Pay for the sessions you wish to participate in

We are excited about this event and having you as a participant. See you at the Track!!!
